Safety Instructions:

- Ensure that all markers used are non-toxic and comply with safety standards.
- The product is not suitable for children under 3 years of age; there is a choking hazard due to small parts.
- The mounting parts must be securely fastened to prevent the whiteboard from falling down.
- The whiteboard should not be installed near water sources to avoid electrical hazards.
- Follow the instructions for use: Only use with dry-wipe markers to avoid damage.
- When mounting, ensure that the wall structure is suitable to support the weight of the board.
- Avoid improper use to reduce the risk of damage.
- Avoid contact with sharp objects on the magnetic surface.
- Only use the recommended accessories and board markers to protect the surface and function.
- Follow the instructions exactly when mounting and ensure that the whiteboard is securely attached to the wall.
- During installation, ensure stable wall mounting to avoid the risk of the appliance falling over.
- Clean regularly according to the instructions in order to extend the service life of the product.
- Dispose of the product in accordance with local regulations in order to comply with environmental standards.
- Check the load-bearing capacity of the wall before installation.
- Screws and mounting material are not included in the scope of delivery.
- The surface is only suitable for indoor use.
- Do not use any aggressive or abrasive cleaning agents when cleaning.
- Warranty services only apply when using recommended accessories.
- If the surface is damaged, file a complaint as soon as possible.
- During installation, ensure that no electrical cables or pipes run along the wall.
- Avoid contact with water and other liquids to prevent damage.
- Keep away from children, it is not intended for direct use by children.
- Only suitable for indoor use, not for outdoor use.
- Installation and assembly by an experienced specialist is recommended.
