Safety Instructions:

- Ensure that the chair is stable and securely mounted to prevent it from tipping over.
- Avoid overloading the chair beyond the maximum load capacity of 110 kg.
- Make sure that the chair is correctly adjusted to your height.
- Regularly check the safety mechanisms (e.g. safety lift) and the functionality of the armrests and castors.
- Please note that the chair is not suitable for children under the age of 14.
- Check that the chair is placed on a stable base to prevent it from wobbling.
- Avoid prolonged sitting without movement.
- Make sure you sit in the correct position to avoid back problems.
- Follow the instructions for using the synchronised mechanism.
- If you experience sudden discomfort in the spine or neck area, consult a specialist immediately.
