Safety Instructions:

- Not suitable for the transport of live animals or food products.
- Protect from sharp objects to avoid damaging the fabric.
- Do not exceed the maximum permissible load of 1250 kg.
- Protect from direct sunlight to prevent discolouration and material damage.
- Do not overload on uneven surfaces to prevent tipping over.
- Suitable only for the storage and transport of non-hazardous materials.
- Please use the Big Bag only for the intended materials. Not suitable for foodstuffs.
- Safety factor 5:1 observed - fabric was tested under extreme conditions.
- Avoid sharp objects and excessive friction when loading.
- Unload the big bag carefully to prevent it from suddenly tipping over or falling.
- Store in a dry place and protect from UV radiation to prevent material deterioration.
