Please note the technical data of the products!

Article Numbers: 170636, 170635

Safety Instructions:

- Store the hard drive securely to prevent data loss and to protect it from drops or external influences.
- Do not drop and beware of knocks and falls as this can cause mechanical damage.
- Not suitable for children; small parts may pose a choking hazard.
- Avoid using the hard drive in humid or extremely hot environments; take extra care when using in humid environments as IP55 protection exists but caution is required.
- Use the integrated password protection function and make sure that password protection is always activated to prevent unauthorised access to the stored data.
- The use of unauthorised cables or non-recommended USB-C interfaces can lead to damage.
- Read the specific safety information and instructions for use before use.
