Safety Instructions:

- Ensure safe use during manual and machine operation. Insert the bit correctly to avoid slipping.
- Ensure that the torsion mould is used correctly to avoid premature wear.
- Risk of injury due to slipping or incorrect insertion if handled incorrectly.
- Keep the product out of the reach of children to avoid the risk of choking on small parts.
- Avoid contact with electrical components during use. Take protective measures when using with electrically powered devices.
- Follow the instructions for safe use and maintenance. Only use in accordance with the instructions and for the intended purpose.
- Check for damage before use; do not use damaged parts.
- Wear suitable protective equipment to avoid injury, including safety goggles.
- Safety note: For adult use only or under adult supervision to avoid injury.
- Keep children away from the tool to avoid accidents.
- If used incorrectly, the product may be damaged, break or splinter.
- Ensure that the tool is held securely in manual or machine operation.
