Safety Instructions:

- Please read all safety and operating instructions carefully before use.
- Only suitable for use with cordless screwdrivers if the specified size is used.
- Improper handling can cause the tool to break or splinter, which could result in injury.
- The product is not intended for use in damp or wet environments.
- Store in a dry place, away from direct sunlight.
- Keep the product away from children.
- Use only for the intended purpose.
- Observe the safe temperature range.
- Wear suitable protective equipment.
- Attention: The product may contain sharp edges.
- Caution if used incorrectly: Risk of injury due to bits slipping off during operation.
- Avoid use with electrical devices that are not intended for this type of bit in order to minimise electrical hazards.
- Not suitable for children under 3 years of age as small parts may be present.
- There is a risk of injury if used incorrectly.
- Avoid skin and eye irritation, wear suitable safety goggles and gloves when working.
- Not suitable for use by children as it is considered a tool and there is a risk of injury.
- Only use the bit with a suitable tool for safe operation and avoid improper use.
- The product is sharp; handle with care to avoid injury.
- Use the bit only for the intended applications and avoid using the bit under excessive pressure to prevent breakage.
- Wear suitable protective equipment such as gloves and safety goggles when operating the bit in conjunction with machines.
- Regularly check the condition of the bit for wear and damage to ensure safety during use.
- Using the bit with insufficient lighting can lead to injuries; ensure that the work area is well lit.
