Safety Instructions:

- Not suitable for children under 3 years of age due to possible choking hazards from small parts. The product must be kept out of the reach of children and must not be used near them, as improper handling can lead to injuries.
- When using electrical appliances, always observe the applicable safety standards and the manufacturer's instructions for use to avoid the risk of electric shock and injury.
- Before use, ensure that the bit is properly and securely inserted into a suitable tool to avoid injury from slipping or damage.
- Never use excessive force and always use the correct bit size for the respective screw to avoid tool breakage and damage.
- Only use the bit for the intended applications to prevent hazards due to overloading or insufficient power.
- Wear safety equipment to avoid injury from broken parts and always exercise caution when working near electrical cables.
