Safety Instructions:

- Not suitable for children under 3 years of age, as small parts can pose a choking hazard. Keep all small parts out of the reach of children.
- Caution when using the hole punch: Fingers can be trapped or injured by sharp edges when punching holes. Please avoid contact with these during use.
- Avoid risk of electric shock as there are metal parts.
- Avoid using the hole punch in a damp environment for long periods of time to prevent rust from forming.
- Do not organise documents beyond the maximum capacity (no more than 30 sheets) to avoid damaging products such as folders or the hole punch.
- Do not exert excessive pressure on the hole punch and do not use the hole punch at the maximum hole depth with too many sheets to avoid damaging or sticking the mechanism.
- Keep the hole punch and folders out of the reach of children. The product should be used under adult supervision.
- Dispose of the packaging and the product in accordance with local regulations to avoid environmental damage.
- The products made of hard cardboard (files) and metal (hole punches) are only to be used for their intended purpose in order to avoid injury.
- The use of a Hikare product in combination with other office products is only recommended after consultation.
