E-Mail: de.shop@avery.com

Please note the technical data of the products!

Article Number: 500517

Safety Instructions:

- The labels can only be removed in individual parts and are not reusable, so improper use must be avoided at all costs.
- Use at extreme temperatures (-40°C to +100°C) should be avoided as this can affect the adhesive strength of the labels.
- When used in safety-relevant areas, additional adhesion and legibility tests are necessary.
- Avoid contact with chemicals that could damage the surface of the labels.
