## Safety Instructions:

- Attention: This luminaire contains built-in LED lamps that cannot be replaced.
- Risk of electric shock: Before use, ensure that the USB cable is not damaged.
- The light may only be attached to devices with an appropriate thickness (5-30 mm) to ensure stability.
- Take care when swivelling the light to avoid damage or injury.
- The light should not be exposed to excessive moisture or direct environmental influences.
- A USB connection is required for operation, ensure that this is connected correctly.
