Safety Instructions:

- Ensure that the socket strip is not overloaded. Maximum current: 16 A.
- Only use the multiple socket outlet within the stated specifications (250 V, 16 A).
- Do not leave the multiple socket outlet unattended when electrical appliances are connected.
- Protect the socket strip from moisture and wetness to prevent short circuits.
- Disconnect the mains plug when the multiple socket outlet is not in use or maintenance work is being carried out.
- The multiple socket outlet is not suitable for outdoor use.
- Ensure that the mains cable is not damaged and is not subjected to tensile loads.
- Keep away from children and unauthorised persons to minimise the risk of electric shock.
