Safety Instructions:

- Only suitable for adults and children aged 12 and over; children should not play with the chair unsupervised.
- Maximum load capacity: Do not exceed 110 kg to avoid damage.
- Adjust the seat height before use; have it adjusted by an adult only.
- Only use the swivel chair under supervision, especially if children are nearby.
- Do not sit for more than 8 hours a day to avoid health risks.
- Regular inspection of stability and mechanics recommended to avoid safety risks.
- Use on stable, level surfaces; avoid uneven surfaces.
- Choking hazard due to small parts, especially when used by children; keep small parts away from children.
- Do not use with excessive loads over 110 kg; this can cause structural damage.
- Avoid the risk of slipping with clean and intact universal foot glides.
- Provide instructions for safely adjusting the seat height in understandable language.
- Keep the chair away from moisture and extreme temperatures to avoid material damage.
- Do not operate the turning mechanism improperly to avoid the risk of slipping.
- Use only for its intended purpose; take care when using with other furniture to prevent tipping.
- Use suitable cleaning agents to prevent damage to the fabric cover.
- Make sure that all parts are securely fitted before use to ensure optimum stability.
- The chair is not suitable for children under the age of 3 to avoid the risk of injury.
