Safety Instructions:

- The safe must be anchored as the total weight is less than 1000 kg to ensure security.
- Clarify insurance cover with the insurer in order to determine suitable sums insured.
- Check the high-security lock regularly for proper functioning and store it securely.
- Take care when opening the door to avoid crushing injuries.
- The double-bit high-security lock should only be used by authorised persons to prevent misuse.
- Make sure that the safe is installed in a secure location to prevent unauthorised access.
