Safety Instructions:

- Check insurance cover and discuss with the insurer.
- The safe must be anchored as the weight is 219 kg. Follow the safety instructions for anchoring the safe properly.
- Keep high-security locks safe and do not lose them. Store keys in a secure area to prevent unauthorised access.
- Before opening the door, ensure that the areas around the safe are free of obstacles to avoid injury.
- Regularly check the safety mechanism for functional conditions.
- Do not leave the safe unattended, especially in areas with high access.
- Avoid the use of force when using the safe - in the event of a defect, contact the manufacturer.
- The product can be dangerous if used improperly.
