Safety Instructions:

- Clarify insurance cover with the insurer: The sum insured must be adjusted to the value and security level.
- If the weight exceeds 1000 kg, anchoring is mandatory.
- Safe must be anchored if the weight is less than 1000 kg.
- Ensure that the door lock is working properly.
- Store the two keys carefully and prevent unauthorised access.
- Carry out regular inspections of the safe to ensure that all security features are intact.
- Take care when handling heavy objects: Total weight of 219 kg can lead to injuries.
- Ensure correct handling of the double-bit high-security lock to prevent unauthorised access.
