Safety Instructions:

- Daily use while sitting and standing promotes good health, but excessive use can lead to fatigue.
- Make sure that the attachment is securely positioned on the table to prevent it from tipping over.
- It is recommended not to exceed the load capacity of 16 kg (table surface) and 8 kg (keyboard tray) to ensure stability.
- Keep small children away from the appliance to minimise the risk of injury.
- Avoid changes or modifications to the product that could impair safety.
