Safety Instructions:

- Take care not to load the locker with excessive weights to avoid structural damage and overloading.
- Avoid storing flammable materials in the locker.
- The ventilation openings must not be blocked to prevent mould growth; check regularly for blockages.
- The product is not suitable for outdoor use and should be protected from moisture to prevent corrosion.
- Children should not be near the locker without supervision.
- Ensure that the locker is securely anchored and stable to prevent it from tipping over.
- Follow the instructions for installation and use.
- Check the surface regularly for damage to avoid sharp edges.
- Avoid risk of suffocation due to improper handling of small parts or accessories.
- Ensure protection against mechanical hazards due to improper use or overloading.
- No sharp edges or corners that could pose a risk of injury.
- Avoid overloading the coat rails to ensure stability.
- Only store heavy objects in the compartments and capacities provided.
- When using sliding hooks, make sure that clothing is hung up securely.
