Safety Instructions:

- Set up securely to prevent tipping over; ensure that the locker is on a stable, level surface.
- Regularly check the stability and for damaged parts to ensure safety.
- Do not place any heavy, pointed or awkward objects on the locker to prevent tipping or damage.
- Ensure that ventilation openings are not blocked to ensure effective ventilation and prevent mould growth.
- Keep keys and security equipment safe to prevent misuse and theft.
- Take care when handling sharp edges and corners, especially during assembly or use.
- For use by authorised persons only; intended for use by trained personnel.
- Before use, ensure that the locker is correctly mounted and stable.
- Store valuables properly and securely, preferably with a cylinder lock to prevent unauthorised access.
- Use the locker only for its intended purpose; do not store food or unsuitable items.
- Keep the locker away from heat sources and avoid using power tools in the vicinity to prevent fire hazards and the risk of electric shock.
- Carry out regular maintenance work to ensure safety and functionality.
- Ensure that the doors of the locker are properly closed to prevent unauthorised opening.
- Read the enclosed instructions and safety information carefully to ensure that the product is used correctly and safely.
- Store items such as helmets and equipment in such a way that they do not impair ventilation or jeopardise safety standards.
- Not suitable for children under 3 years; small parts could pose a choking hazard.
