Safety Instructions:

- Watch out for sharp edges and pointed parts to avoid injury.
- Ensure that the locker is placed on a stable and level surface to prevent it from tipping over.
- Avoid overloading the locker and shelves to prevent structural damage and instability.
- Regular inspection of doors, locks and hooks to ensure proper function and safety.
- The product is not suitable for use by children under 3 years of age to avoid the risk of choking on small parts.
- Keep the ventilation openings clear to ensure optimum air circulation and prevent mould growth.
- Avoid contact with water and damp conditions to prevent corrosion and surface damage.
- The locker should only be designed and used for its intended use by adults, with supervision when used by children.
- Only use the cylinder lock with the keys provided to prevent damage and unauthorised access.
- Safety belts or lifelines should only be used on the hooks provided if they have been properly checked.
- Ensure that the cabinet is not loaded with flammable or hazardous materials.
- Check floor glides and stability regularly to prevent slipping or tipping over.
- Make sure that no small parts are within reach of children to avoid the risk of choking.
