### Safety Instructions:

- Only use the product for its intended purpose.
- Ensure that the locker is mounted properly and stably to prevent it from tipping over.
- During use, observe the specified maximum loads to avoid overloading.
- Carry out regular checks for stability and damage to ensure safety.
- Avoid contact with water and moisture to minimise the risk of corrosion.
- Avoid sharp edges when handling the product to prevent injury.
- Keep the ventilation openings clear to ensure optimum air circulation.
- Do not store any flammable or hazardous materials in the locker.
- Product is not suitable as a toy and should be kept away from children to avoid the risk of suffocation and injury.
- Ensure that the locker is properly anchored to prevent it from tipping over.
- Do not use aggressive or harsh cleaning agents when cleaning to avoid damaging the surface coating.
- Inform users about the safety instructions to avoid injuries due to improper use.
- Check the product regularly for signs of damage and repair if necessary.
- Follow the instructions for installation and use carefully to ensure safety.
- Avoid direct exposure to water and strongly fluctuating temperatures to prevent material damage.
- Make sure that all small parts are stored safely to prevent children from choking.
