Safety Instructions:

- Observe and do not exceed the maximum load capacity of 60 kg.
- Ensure that the open-fronted storage box is not overloaded (load 650 kg).
- Avoid overloading the box and improper use to prevent damage and accidents.
- Only place on stable and level surfaces to prevent tipping over.
- Keep the product away from children to avoid the risk of injury.
- Use the carrying bar and drop handle correctly when lifting and transporting.
- Before lifting, ensure that the open-fronted storage box is standing on a stable surface.
- Do not lift heavy objects weighing more than 60 kg at a time to avoid overloading.
- Check the box for damage before each use.
- Carry out labelling in accordance with the specific safety requirements.
- Avoid use in extreme temperatures or aggressive chemicals to prevent material wear.
- Carry out regular inspections to ensure the integrity of the steel plate and the support rods.
- Ensure stable positioning when the box is stacked.
- Provide user-friendly instructions for safe use.
