Article Numbers: 188862, 188861, 188860

Safety Instructions:

- High-risk product: Danger to life if the knife is used improperly.
- Use the blade guard, preferably made of transparent material, to prevent injuries.
- The slicer is not suitable for children and should be used under adult supervision. Keep children and unauthorised persons away during use to avoid injury.
- Ensure that the machine is standing on a stable and non-slip surface to prevent it from slipping or tipping over. Regularly check the rubber feet for wear and tear to ensure a secure footing.
- Always disconnect the appliance from the power supply before cleaning or maintenance (for electric models).
- Avoid contact with the blade while cutting. Caution: Sharp blade! Please keep a safe distance from the cutting edge. Sharp blades can cause injuries; keep hands and other parts of the body away from the cutting edge while cutting.
- If overloaded, do not cut more than 40 sheets at a time to avoid overheating and damage.
- Only use the machine for the intended materials. Failure to do so may result in damage to the appliance or injury.
- Regularly check the condition of the machine and the blades. If they are damaged, they should be replaced or repaired.
- The machine must not be used by persons who are not familiar with its operation or who are under the influence of drugs or alcohol.
