Safety Instructions:

- Caution: There is a risk of electric shock if the charger is used incorrectly.
- Do not use if the appliance or the batteries are visibly damaged.
- The charger is only suitable for NiMH batteries, other battery types may overheat or explode.
- Keep out of the reach of children to avoid the risk of choking on small parts.
- Ensure that the charging polarity is correct before use.
- Do not use in damp or wet conditions.
- To avoid overheating, do not connect the appliance to the power supply for long periods of time.
- The LEDs should not be regarded as a warning signal, but are only used to indicate the charge status.
