Safety Instructions:

- Only intended for use with suitable NiMH rechargeable batteries or 9V batteries.
- Before use, ensure that the appliance is connected to a suitable socket (100-240V).
- Improper use could lead to overheating or damage to the appliance.
- The device is not suitable for operation with alkaline batteries or bad cells.
- In the event of an error message on the display or unusual noises, disconnect the appliance from the mains immediately and contact the manufacturer.
- Do not use near water or damp environments to avoid the risk of electric shock.
- Children should only interact with the device under adult supervision.
- To ensure safety, do not open or modify the appliance.
