Safety Instructions:

- Only load the product up to 15 kg to avoid overloading and possible injury.
- The shelf may only be installed and used in accordance with its intended use in order to minimise the risk of falling or damage.
- Small parts of the construction should be kept out of the reach of children to avoid the risk of suffocation.
- Do not use the shelf near water or in wet conditions to avoid the risk of electric shock.
- Before tilting or turning the double arm, ensure that no other objects are in the way to avoid injury.
