Please note the technical data of the products!

Article Numbers: 170640, 170639, 170638, 170637

Safety Instructions:

- Do not use near water or damp environments to avoid short circuits.
- Keep out of reach of children as there may be parts that can be swallowed. Caution: Not suitable for children under 3 years of age as it contains small parts.
- Avoid excessive physical strain on the device (e.g. by dropping or crushing). The stick could be damaged by overheating or mechanical shocks, so avoid extreme conditions.
- Do not handle or modify the appliance improperly as this could impair safety.
- Contact the manufacturer if you have any questions regarding use or safety concerns.
- Caution with improper use: Risk of electric shock when connecting to power sources. Do not touch the USB stick with wet hands to avoid electric shocks.
- Please read and follow the instructions before use.
- Do not exceed the maximum storage capacity to avoid data loss. Carry out regular data backups to avoid data loss.
- Only use the product with compatible devices.
- In the event of unusual noises or odours, disconnect from the power supply immediately.
- Avoid extreme temperatures and direct sunlight. Store the USB flash drive in a dry place to avoid damage caused by moisture.
- Only use the intended connections to prevent damage to the devices.
