Please note the technical data of the products!

Article Numbers: 147489, 140123

Safety Instructions:

- Before use, ensure that all screws and connections are firmly tightened.
- Seat height of 770 mm is unsuitable for use by children.
- Observe the maximum load capacity of 120 kg to avoid the risk of breakage and injury.
- Check the felt glides on the feet regularly for wear and use them to prevent scratches on the floor.
- Do not exert excessive pressure on the footrests to avoid stability problems.
- The bar stool is not suitable for children under the age of 14.
- Improper use can cause the stool to tip over.
- Use on uneven or slippery surfaces can lead to falls.
