### Safety Instructions:

- Ensure that the product is used in a stable and level position to prevent it from tipping over or wobbling.
- The doors should not be pulled beyond their maximum opening limit in order to prevent damage. Force should be avoided, especially with doors made of flexible plastic.
- Keep small parts and moving parts away from children to avoid the risk of suffocation or injury.
- Only use the recommended cleaning and care products to avoid damaging the materials.
- Take care not to store heavy objects overhead to avoid injury.
- Only use the product for its intended purpose and in accordance with the operating instructions supplied.
- Keep the product away from children to avoid the risk of injury from improper use.
- Avoid excessive loads on the shelves to prevent damage and injury. For some models, the maximum load capacity of the shelves is 50 kg.
- Take care when levelling to avoid injury.
