Article Numbers: 656034, 656033, 656032

Safety Instructions:

- The product should be placed on a safe, stable surface and set up on a level surface to prevent it from tipping over.
- The doors are fitted with aluminium lock strips; improper handling may result in injury. Operate the doors with care.
- The roller shutter mechanism should be serviced regularly to ensure that it works properly and does not pose a danger to the user. Ensure that no objects or people are in the way when opening and closing.
- The maximum load capacity of the shelves is 50 kg to prevent overloading.
- The product may not be suitable for children; small parts and data sheets should be kept out of the reach of children.
- Do not use the product if it is obviously damaged or does not function properly.
- Use plastic glides to prevent damage to the floor.
- Keep the key to the rotary cylinder lock in a safe place to prevent unauthorised access.
