Safety Instructions:

- Ensure safe use of the cabinet to avoid injury.
- Max. Load capacity per shelf: Do not exceed 50 kg to minimise the risk of tipping.
- Take particular care when using near water sources to avoid electrical risks.
- Check hinges and locks regularly to ensure proper functioning.
- Follow the instructions for installation and handling. Read and follow the instructions carefully before installation.
- Take care when handling by children to avoid injury. It should be used under parental supervision.
- The edges of the cabinet can be sharp; avoid direct contact.
- Attach the cabinet securely to the wall and adjust the levelling to ensure a secure stand.
- Before use, ensure that the doors close properly to avoid injury.
- When adjusting the levelling control, ensure that no fingers are trapped.
- Regularly check the doors, the closing mechanism and plastic glides for proper function to avoid any risk of slipping.
