Safety Instructions:

- Be aware that there may be sharp edges; children should not play with the product.
- Do not overload (maximum load 50 kg).
- Keep the plastic glides in good condition to protect floor coverings.
- Ensure that all doors are properly closed to avoid tripping hazards.
- To avoid damage, do not open or close the roller shutter cabinet with excessive force.
- Regularly check the integrated levelling system to ensure stability.
- Do not use the cabinet as a climbing aid.
- Keep the area around the cabinet free of obstacles to avoid tripping hazards.
- Keep the door mechanism free of foreign objects.
- The product is not suitable for children under 3 years of age due to the potential risk of injury.
- Use the product in accordance with the instructions to avoid the risk of injury.
- Ensure that the product is placed on a stable surface to prevent it from tipping over.
- Avoid cleaning the product with damp cloths.
