Article Numbers: 656085, 656076, 656075

Safety Instructions:

- Ensure that the roller shutter cabinet is stable to prevent tipping and regularly check integrated levellers and the assembly of all parts for stability.
- Avoid sharp edges or protrusions to prevent injuries.
- Doors should close securely to minimise the risk of crushing and ensure that they are fully closed.
- Regular inspection of hinges and locks to ensure functional safety.
- Keep the product away from children or use only under adult supervision to prevent crushing or pinching.
- Ensure that the shelves have an appropriate load-bearing capacity and do not overload shelves to avoid breakage or structural damage.
- Keep the cabinet away from moisture and extreme temperatures to protect the material integrity.
- Do not use the product as a ladder set or for climbing.
- There is a risk of crushing the moving parts if handled incorrectly.
