Safety Instructions:

- Caution: Sharp-edged parts or improperly processed edges could cause injuries. Pay attention to sharp edges and corners to avoid scratches or injuries.
- Ensure that the cabinet is placed on a stable and level surface to prevent it from tipping over. Due to its size and weight, the cabinet is designed for use by adults and poses a risk to children.
- Use suitable gloves and protective equipment when assembling or moving the cabinet to avoid injury. Avoid using excessive force when closing to prevent damage.
- This product should only be used with the intended shelves to avoid overloading. Observe the permissible load capacity of the shelves of 50 kg.
- Ensure that children do not play unsupervised in the vicinity of the product. When using keys for the lock, ensure that they are not lost.
- Follow the instructions carefully before installation to avoid hazards. Check the functionality of the roller shutters regularly to ensure safe use.
