Article Numbers: 657180, 657179, 657178

Safety Instructions:

- Observe safety measures to avoid injury in the event of improper handling.
- The base plate must be properly anchored to the floor to ensure stability.
- Observe the maximum load limits of the product to avoid safety risks. Do not load the product beyond the permissible limit, for example with the S635-B20 and S645-B25 supports.
- Only use the base plate with the stands provided (e.g. S625-A18).
- Follow the installation instructions to avoid improper installation.
- Check the base plate regularly for damage.
- Ensure that the footplate is properly secured to prevent accidents.
- Wear personal protective equipment during installation to avoid injury.
- The footplate should only be used by trained personnel.
