Safety Instructions:

- Ensure that the container supports are correctly mounted on the uprights of the pallet racking and that the assembly instructions are carefully read and followed.
- Check the load-bearing capacity of the container supports before use and do not exceed the maximum load.
- Only use the container supports for the intended pallet cages and Euro pallets and avoid improper use.
- Wear suitable personal protective equipment (e.g. gloves) when handling.
- Check the container supports regularly for wear or damage, such as cracks, and avoid damage.
- Ensure that the installation site for the container supports is stable and level - only store on stable shelves.
