Safety Instructions:

- Caution: This appliance may present electrical hazards, especially if used incorrectly.
- Use only in accordance with the instructions in the manual to avoid injury and damage.
- Please ensure that the appliance is placed on a stable, level surface to prevent it from tipping over.
- Keep the power supply and network cables away from water and moisture.
- Only use consumables recommended by the manufacturer to avoid damage or fire.
- For safe use, especially in office environments, the printer should be installed near a power socket.
- Special care must be taken when disposing of toner cartridges to avoid skin contact and fine dust.
