Safety Instructions:

- Ensure that the cabinet is placed on a stable and level surface to prevent it from tipping over.
- Do not overload the cabinet to avoid structural damage and a possible risk of injury. Recommend distributing heavy objects evenly to ensure stability.
- For self-assembly, follow the assembly instructions carefully to ensure correct and safe assembly. Please follow the assembly instructions before assembly. Please provide suitable tools for self-assembly.
- Keep children away from using and accessing the cabinet to minimise the risk of injury.
- Use suitable force when opening and closing the doors to prevent damage.
- Improper handling can cause the product to tip over, do not damage any surfaces.
- Use the rotary cylinder lock to secure the contents against unauthorised access.
- Check the stability of the shelves regularly during use.
