Safety Instructions:

- Before mounting, ensure that the wall mount is suitable for the weight and size of the monitor.
- The installation should be carried out in load-bearing walls; if necessary, seek professional assistance.
- Do not handle if parts are damaged or missing.
- The set tilt angle must not exceed the recommended 12 degrees.
- If the monitor weighs more than 70 kg, it should not be used.
- Avoid using the mount for monitors outside the specified size of 40 to 75 inches.
- The product is not intended for use by children; ensure that children cannot access the holder.
- Regularly check the looseness and stability of the bracket.
- Always hide the pull and release straps behind the monitor to avoid accidental contact.
