Safety Instructions:

- Take care when handling electrical components to avoid the risk of electric shock.
- When using small parts (e.g. toner cartridges), there is a risk of suffocation, especially for children.
- The device should not be operated in damp environments to avoid short circuits.
- Protect the device from direct sunlight and heat to prevent damage.
- Only use spare parts recommended by the manufacturer to ensure the safety and functionality of the appliance.
- Keep the appliance away from liquids to avoid water damage.
- Disconnect the appliance from the power supply after use to avoid potential hazards.
