Safety Instructions:

- The changing station must be securely mounted on the wall to prevent it from tipping over.
- Only use the changing station for infants weighing up to 15 kg.
- Always keep the changing station clean and disinfected to avoid cross-contamination.
- The winding station should be checked regularly for wear or damage.
- Small parts that are dangerous for children, such as loose panelling, must be avoided.
- An adult should always be nearby while the baby is being changed.
