Safety Instructions:

- Wear suitable safety shoes to avoid injury.
- Do not exceed the maximum load capacity of 1500 kg when loading the container.
- Secure the container when stacking to prevent it from tipping or falling over.
- Do not allow unauthorised persons near the stacking or transport areas.
- Use suitable lifting and safety equipment when lifting with a crane.
- Use suitable lifting gear or equipment to lift or transport the container.
- Avoid contact with sharp edges or thin metal parts to prevent injury.
- Check the condition of the container before use to avoid damage due to improper handling.
- Keep the installation site clean and free of obstacles to prevent falls and accidents.
