Article Numbers: 460374, 460373

Safety Instructions:

- Product intended for commercial use only.
- During storage, ensure that the mesh containers are stacked stably and do not fall over.
- Only store heavy loads (maximum 1000 kg) on the mesh containers in accordance with the specified load capacity.
- The use of gloves is recommended when handling the product to avoid injuries from sharp edges.
- Take care when removing the longitudinal wall to avoid injury as it can be heavy.
- Do not use the product in areas where it may be exposed to extreme temperatures or chemical influences.
- Protection against the risk of falling due to improper handling or overloading of the pallet cage.
- Ensure that the mesh box is used on stable and level surfaces.
- Do not exceed the maximum load of 1000 kg.
- Observe the underride height of 105 mm when handling forklift trucks.
