Safety Instructions:

- Note the high load capacity of up to 800 kg and do not exceed this weight.
- Observe safety precautions when stacking the containers to minimise the risk of tipping and to ensure safe stacking.
- Use suitable lifting gear when transporting due to the crane eyes; improper use can lead to injuries.
- Stay away from sharp edges and ensure that no sharp or pointed objects protrude during transport to avoid injury.
- Ensure that the base is stable to prevent the stacked containers from swaying.
- Regularly check the container for damage to minimise safety risks.
