Please note the technical data of the products!

Article Numbers: 168294, 168293, 168292, 168291, 168289

Safety Instructions:

- Not suitable for children under 3 years of age, as small parts may pose a choking hazard.
- Keep packaging and instructions for future reference.
- Do not expose to direct sunlight for long periods and do not use near fire or heat sources to avoid damage.
- Keep out of the reach of children.
- Products must not be part of dangerous or unsafe applications.
- The PET front film protects against damage, but must be protected against overheating to prevent melting.
- The adhesive force of the magnetic catch may be impaired at extreme temperatures. Avoid use at extreme temperatures outside the specified operating temperature of -29°C to +118°C.
- Avoid contact with water, as this can impair the functionality.
- Before use, ensure that the magnetic frame is attached to a stable, smooth magnetic surface.
- Regularly check that the magnetic catch is working properly to prevent the frame from falling down.
- Proceed carefully when removing the frame to avoid damaging the base.
- Ensure that the magnetic frame is not used by children to avoid the risk of choking due to small parts.
