Safety Instructions:

- Not suitable for children under 3 years, choking hazard due to small parts.
- Self-assembly should be carried out by an adult in accordance with the instructions in order to avoid safety risks.
- Ensure that the product is installed and used on a stable and level surface to prevent it from tipping over.
- Regular inspection of stability, fastenings and connecting elements recommended.
- Do not position near water sources or heat sources such as open flames.
- Avoid overloading the seat bench so as not to impair stability.
- Avoid sharp objects and aggressive cleaning agents to prevent damage to the velvet cover.
- Only use the product indoors to avoid weather damage.
- Do not use the bench as a toy, play equipment or climbing frame for children.
- Use by children should be under the supervision of an adult.
- Do not use the seat bench if it is visibly damaged or worn.
- Bench seat not suitable for persons over maximum recommended weight.
- The velvet cover should be cleaned in accordance with the care instructions to avoid damaging the material.
- Keep the bench away from direct sunlight and moisture to prevent material damage.
- Ensure that the surface is non-slip to prevent slipping.
- The bench must not be used as a climbing aid or for purposes other than those intended.
- Keep the bench out of the reach of children to prevent injuries and the risk of suffocation.
- There is a risk of injury if installed incorrectly, so follow the instructions carefully.
