Safety Instructions:

- Not suitable for children due to the possibility of weak points caused by the shape and appearance of the product.
- Before use with food, ensure that the product complies with Regulation (EC) No 1935/2004.
- Colour deviations are possible and harmless; they can occur due to natural materials such as fungi of the areca palm and do not pose a health risk.
- Do not use the product in the microwave to avoid jeopardising the integrity of the palm leaf.
- Add to compost after use to ensure compostability in accordance with the EN 13432 standard.
- Product is compostable according to EN 13432, therefore safe in waste and avoid contact with chemical additives.
- Can withstand water and heat, but do not use it above the specified temperatures.
- Disposable product, dispose of properly after use and not suitable for permanent use.
- Before use, ensure that the plates are not overheated to prevent damage.
