Safety Instructions:

- Read instructions carefully before use; use by adults, supervise children.
- Maximum load per shelf: 250 kg. Do not exceed to prevent tipping.
- Avoid overloading, load evenly for stability.
- Set up the shelf on a stable, level surface; wall mounting recommended.
- Store heavy objects at the bottom, do not overload the upper shelves.
- Protect from moisture, corrosion and extreme temperatures.
- Regular inspections for damage, stability and loose parts.
- Do not use as a climbing aid.
- Strictly follow the safety instructions and installation instructions.
- Keep small parts out of the reach of children.
- Use suitable protective equipment during installation.
- Do not use for hazardous substances and outdoors.
- Secure the product properly to minimise the risk of falling and tipping.
- Use only for the intended purpose; do not make any unauthorised changes.
- Comply with the manufacturer's instructions and safety requirements.
- Do not use the shelf if parts are damaged or worn.
