Article Numbers: 883433, 883432

Safety Instructions:

- Ensure that the platform trolley and the product as a whole are used on stable and level surfaces to avoid the risk of tipping and falling.
- The maximum load capacity of 150 kg must be observed; avoid overloading the platform trolley.
- To avoid damage, do not pull the platform trolley over rough surfaces.
- Make sure that there are no children or animals near the trolley while it is in motion.
- Make sure that the push bar is correctly positioned to avoid accidents.
- Regularly check the tyres and mechanical parts for wear and functionality and the castors for dirt and damage to ensure safe rolling.
- Avoid unauthorised modifications or repairs to the product.
- Keep the work surface free of obstacles.
- Ensure that the product is properly folded and secured before transporting it.
- Wear suitable protective equipment for heavy lifting.
- Ensure that the swivel and fixed castors are used correctly to prevent the trolley from tipping over.
