Safety Instructions:

- Read the installation instructions carefully before use.
- The table divider is only suitable for horizontal installation. Ensure that it is properly secured to avoid injury.
- Be aware of the risk of suffocation from small parts and when using magnets.
- Only use the clamping device for panel thicknesses up to a maximum of 48 mm.
- Regular cleaning of the surface is recommended to maintain hygienic conditions. Avoid contact with strong cleaning agents or aggressive chemicals.
- Only use original Legamaster accessories in order to maintain the warranty and ensure safety.
- The panel surface is scratch-resistant, but should be checked regularly to avoid wear and tear.
- Avoid direct contact with water and other liquids to prevent damage to the electrical components.
- Keep out of reach of children unless the product has been specifically designed for use by children. Not suitable for children under 3 years of age without supervision.
- Avoid excessive weight on the partition wall to reduce the risk of it falling over.
- Observe the safety instructions during installation, as incorrect installation can lead to stability problems.
