Please note the technical data of the products!

Article Numbers: 164958, 164957, 164956, 164955

Safety Instructions:

- Not suitable for children under 3 years of age due to small parts that can be swallowed or choking hazard.
- Cannot be permanently labelled, intended for single use only with the board markers supplied.
- Do not apply directly to hot, damp or rough surfaces. Ensure that the application surface is clean and dry to ensure adhesion.
- Do not use for labelling food, as the films may look similar to food.
- Make sure that the magic charts are attached to stable, smooth surfaces to prevent them from slipping or falling off.
- Avoid use in damp environments and direct contact with water, as the adhesive force may be impaired.
- Do not leave the films in places where they are exposed to potential damage or extreme temperatures.
- Only use the board markers on the films provided and with undamaged markers to avoid damage.
- Avoid direct contact with portable electronic devices to prevent damage.
- When using the board marker, the manufacturer's instructions should be followed to prevent damage to the surface.
